

Did Meteor Fall In Bradner? Strange Phenomenon Is Seen

Did a fragment of the meteor which flashed over Vancouver last Thursday evening land in the Bradner district of Matsqui?

First reports Thursday indicated the meteorite lit in the mountains north of Vancouver City then it was discovered the phenomena had been witnessed on a smaller scale in other districts scattered from the Gulf of Gorgia to the Cariboo. Scientists express belief the meteor exploded and the scattered reports refer to fragments of the main body.

Until this week THE NEWS was unable to locate anyone who had even seen the Vancouver meteor at a distance much less a local one. Finally, however, Mrs. Alfred Gledhill, THE NEWS correspondent for Aberdeen, reported an unusual light seen Thursday evening over Bradner, and Miss Dorothy Chittenden, Mt. Lehman correspondent, reported hearing that apparently the same strange light had been observed from both Jubilee and Langley.

IN WATSON'S FIELD

From Aberdeen it is reported that Miss Rhoda Gledhill was walking north on Aberdeen road Thursday evening when she was startled by a streak of light which suddenly burst into flame quite low in the sky. She thought it fell into the field of Charles Watson about 200 yards distant and opposite the home of Capt. H. L. Chittenden. No one else, however, appeared to have been outside at the time. Mrs. Patton of Jubilee is reported to have seen such a light and her description indicates it fell about the same place described by Miss Gledhill. This was further checked by Gordon Lennox of Langley, who is reported to have observed the strange light and he also thought it fell in the vicinity of the North Aberdeen road about 1 1/2 miles from the highway.

Later reports that a farmer in Cloverdale has found four fragments of the meteorite in his field will add interest to a search of the Bradner district in which the three observers mentioned above believe a meteor or part of one fell. At Cloverdale the fragments were so hot they set fire to clover, burning a 6-foot area and dug shallow trenches when they apparently struck the earth at an angle of 30 to 45 degrees.

Archbishop Will Administer Rite Of Confirmation

Most Rev. A. U. de Pencier, Archbishop of New Westminster, will administer the Sacred Rite of Confirmation on Sunday, July 30, at 11 a.m. in St. Matthew's church, Abbotsford. Celebration of Holy Communion will follow.

The congregation of St. Margaret's church, Bradner, will join in this service and a bus will leave Bradner Store at 10 o'clock sharp to convey those planning to attend the Confirmation Service.

The Bradner congregation and members of St. Matthew's W.A. will hold a basket lunch on the church lawn following the service. Members will bring their own lunches and tea and coffee will be served by the Abbotsford W.A.

SCHOOL GARDENS AND CALF CLUB MEMBERS VISITED BY DR. GUNN

Dr. Wallace Gunn, provincial livestock commissioner, Victoria, was a visitor to the M.S.A. Area on Friday. In company with Dan Hunt, president of the C.F.V. Fairs Ass'n., he made a tour of inspection of a number of the 230 school gardens and of half a dozen of the 30 calves being groomed by Junior Calf Club members. Dr. Gunn spoke highly of the quality of the calves and commended the community for encouraging the clubs. He also praised the young gardeners on the evident care they are giving their plots.

SEVEN STAFF CHANGES REPORTED IN M.S.A. EDUCATIONAL AREA

It is understood that seven vacancies will occur on the staff of the schools in the M.S.A. Educational Area, a result of resignations. No official announcement has as yet been made and no appointments arranged as the teachers have until the end of this month to confirm their intentions.

Mrs. E. L. Hughes, who recently underwent an operation on her eyes in St. Paul's Hospital, Vancouver, is reported to be doing well, but will probably undergo another operation this week.

A Letter of Appreciation

FLOWERS IN ABBOTSFORD CHURCH, SPLENDID SWIMMING POOL AND "HOMEY," WELL-CARED FOR HOMES APPEAL TO VISITORS FROM PORTLAND

To the editor,

En route home from our holidays my husband and I visited your village on Sunday. Three things about it impressed us very much and we think it only fair to pass good opinions along. Knowing no one in Abbotsford, we are taking this opportunity of so doing, through the medium of your paper.

Number 1—We attended morning service in Trinity United Church, and although we enjoyed the service, the flowers impressed us beyond words. We have a small florist shop of our own and are naturally very interested in flowers. Never have we seen flowers more beautifully or artistically arranged, and to the decorator or decorators of that church we say "Thank You," with a feeling of gratitude and deep appreciation; for who could not worship God amid such beauty?

Number 2—Your splendid swimming pool where we saw so many little children swimming like fishes. We do think it is wonderful that the children of your village have an opportunity to learn to swim at such an early age, under the watchful supervision of the attendant.

Number 3—The many lovely little homes in Abbotsford, most of them quite simple and inexpensive, yet carefully looked after and delightfully "homey" looking. We enjoyed our visit in Abbotsford very much and think it only fair to tell you so. Thank you.

Mr. and Mrs. Dennis K. Darwin,
Portland, Oregon, U.S.A.

To Judge at C.F.V. Fair

J. W. WINSON

of Huntingdon, known throughout British Columbia through his column by "Wildwood" in the Vancouver Province, and his contributions to leading horticultural journals, has consented to judge honey, dairy products and fruit at the forthcoming Central Fraser Valley Fair to be held at Abbotsford, Sept. 12 and 13.

Thirty-two M.S.A. Matric Students Are Successful

NAMES ANNOUNCED OF ONLY THOSE SUCCESSFUL IN ALL EXAM. SUBJECTS

Results in recent Junior and Senior Matriculation examinations were announced on Monday by the Department of Education in Victoria.

A girl and two boys from New Westminster, Boundary Bay and North Vancouver share top honors in senior matriculation and a girl and a boy from John Oliver High School, Vancouver, tied for first place in junior matriculation results.

RECORD NUMBER

Largest number of candidates in the history of the province wrote the examinations. There were 8271 students who wrote either full or partial papers.

A large proportion wrote only partial papers due to the accrediting system, as many students were recommended in one or more subjects in junior matriculation.

Candidates who failed to pass senior or junior matriculation or Normal School entrance are granted credit for all papers in which they obtain 50 per cent or more.

Supplemental examinations and examinations for junior matriculation and normal entrance will be held from Aug. 28 to Sept. 1.

M.S.A. RESULTS

The following report, as released by the Department on Monday, gives, in alphabetical order, names of only those M.S.A. candidates who passed in all subjects necessary to obtain completed standing the grade concerned.

Names of candidates granted partial standing and those who

SMUGGLED GLOVES BECOME EXPENSIVE WITH FINES ADDED

Ralph Edward Wright, formerly of South Aldergrove and now operating a logging camp near Steelhead, north of Mission, found 20 pairs of gloves which he smuggled from the United States to resell to his crew became very expensive when the authorities caught on to the game. The gloves originally cost him about \$8 in the States, as little as 15c a pair, but after he had appeared in Mission police court and paid various charges, fines, penalties, and costs assessed under the Customs Act, the total cost exceeded \$100.

366 Persons Apprehended By Border Patrol; 18,698 Questioned by U. S. Officers

Crossing the unfortified U. S. border without reporting to immigration and customs officials was simple, 366 persons thought during the past fiscal year, until they found themselves confronted by the vigilant officers of Lynden's subdistrict of the U. S. Immigration Patrol.

On 18,698 occasions during the twelve months period that ended July 1, the uniformed officers of the Lynden subdistrict stepped up to suspicious appearing persons to question them and to determine whether or not they had a legal right to be in the United States. On 366 occasions they got their man (or woman), undesirable aliens, who had entered the country illegally.

In addition to the 366 persons

SUMAS YOUTH IS FATALLY CRUSHED BY HAY WAGON

Teddy Lowe, 16, son of Mr. and Mrs. Jack Lowe, until recently residents of Sumas Reclaimed Area near the Totem Farm, was killed in an accident at his father's farm near Sardis on Monday afternoon. The funeral service takes place this afternoon.

Word received in Abbotsford by H. L. Preddy, whose son, Alistair Preddy, 8, was visiting the Lowes at the time, stated the fatality occurred during haying operations on the farm South Sumas road, Sardis. The wheels of a heavy hay wagon passed over the boy, crushing his chest.

Conservatives Call Meetings And Convention

August promises to be a big month with the Conservatives and their friends. On Wednesday, August 2, at 8 p.m., in the Orange Hall, Abbotsford, the Abbotsford & District Conservative Association will meet to choose delegates to attend the convention which has been called to name a candidate to contest the Fraser Valley riding in the next federal election. This convention has been set for the following Wednesday afternoon, August 9, and will take place in Mission. On Saturday, August 12, Conservatives from all parts of the Fraser Valley east to Hope will attend a picnic to be held in famous Queens Park at New Westminster.

CHILD INJURED WHEN CAR DOOR SUDDENLY OPENS

Little June Hall, 2 1/2-year-old daughter of Mr. and Mrs. Norman Hall of Ladner and granddaughter of Mr. and Mrs. T. D. Smith of Poplar, severely injured in a motor accident on Sunday, is reported to be recovering.

According to word received in Abbotsford, the child fell from the family car during a Sunday afternoon drive when a door of the car suddenly opened.

Burglars Loot Local Store Of Merchandise

Merchandise to the value of \$50 was stolen by burglars who broke into the Abbotsford 5c to \$1 Store during the weekend. An unsuccessful attempt was also made to gain entry to the premises of the Willam Hardware adjoining but the well-bolted rear door proved too much for the robbers.

The robbery was not discovered until A. J. Nicholson, proprietor, opened up on Monday morning and found the emptied display tables. The loot was confined principally to wearing apparel. Men's hose and gloves and women's wear of various kinds, mostly undergarments were taken.

Time of the robbery is not definitely known as no unusual noises were heard in the neighborhood, according to the police and no strangers were observed loitering in the vicinity. It is believed, however, that it took place some time after midnight Sunday. Tools used to gain entry to a rear door left smudges indicating they might have come from a garage. The door was badly abused.

The robbery is the first serious offense of its kind to occur in Abbotsford for about a year.

FAIR ENTRIES TO CLOSE ON SEPTEMBER 9

Meeting of directors and committee members of the C.F.V. Fairs Association, held in the Men's Club, Abbotsford, last night, discussed the final details of the 1939 Prize List. It is hoped to complete the list for printing by the weekend.

Decision was reached that all entries should be closed at 9 p.m. Sept. 9, the Saturday prior to the fair which this year falls on Tuesday and Wednesday.

It was revealed by the Finance Committee that there will be considerable merchandise to be awarded as prizes and committees placed these donations throughout the various sections.

Acceptances were read by the secretary from several persons who had been asked to judge at the approaching fair.

No change in the membership fee is contemplated this year, the motion advocating an increase passed at a December last meeting not taking effect until 1940.

Work has started on the Matsqui-Clayburn highway relocation.

Pemberthy Is Candidate For C.C.F. In F.V. Riding

James W. Pemberthy of Haney, late of Coleville, Sask., will carry the C.C.F. standard for Fraser Valley riding in the next Federal election. He was nominated Thursday night at a convention session in the Orange Hall, Abbotsford, that was marked by somewhat bitter discussion over the disqualification of John Wheeler of Chilliwack as a candidate and other alleged acts of the provincial executive of the C.C.F. There were 23 delegates representing 12 C.C.F. clubs in the riding and some 60 additional supporters in attendance and the meeting lasted till close to midnight.

SIGNS OF PROGRESS

The July issue of the "Bulletin," official organ of the Canadian Weekly Newspapers Association, published at Brampton, Ontario, contains the following reference to THE NEWS:

"Lang. Sands, editor of THE NEWS, the progressive weekly which serves the Matsqui, Sumas and Abbotsford section of the Fraser Valley, is to be commended for the recent improvements effected on his paper. Readyprint has now been entirely eliminated and in its stead we find a six column, 8-page, all home-print weekly. New body type is used and the 12-em column adopted. These changes have greatly improved the paper from both the readers' and advertisers' standpoints and should make for the continued success of the paper."

New Book Van For Valley Library

OLD VAN TRAVELLED 140,000 MILES; NEW BODY IS ROOMIER

Approximately 140,000 miles have been travelled by the Fraser Valley Union Library book-van since inauguration of the service in 1930, and the yearly mileage continues to increase as the system expands and grows.

The library has this month acquired a completely new van, the third chassis, to which has been built a completely new body considerably different in design from the first one purchased for the Carnegie Demonstration.

The new body provides slightly increased outside shelf space for book-van patrons, but the principal change is increased inside accommodation to meet demands made by the transfer service to branches and schools.

Better weather protection, for books as well as for readers and staff, is taken care of in improved design of overlapping doors and metal shields at front and rear to replace the former flexible curtains.

The new van started operation on Tuesday. Readers at book-van stations may find that punctual adherence to schedule will be slightly interfered with for a few weeks because of the necessity of slowly breaking in the new engine.

Periodic replacement of the book-van is taken care of by the library board by annual budgeting of a depreciation fund, and this year's trade-in of the old chassis and body is accomplished without encroaching on any other item of the library budget. Authorized dealers were circularized throughout the valley, the award going to Haney Garage.

ATTENDING SESSION OF TEACHERS' APPEAL BOARD AT VICTORIA

J. P. Carr of Mt. Lehman left for Victoria last night to attend another session of the Board of Reference of which he is again a member. The board hears the appeals submitted by teachers against dismissal and functions under the Department of Education. Appointments to the board are made by the Council of Public Instruction. The chairman, nominated by the department, is W. H. Bullock-Webster (a cousin of Major Bullock-Webster, known to local amateur dramatists). G. W. Clark, a Vancouver teacher, is the representative nominated by the Teachers' Federation and Mr. Carr is the choice of the B. C. School Trustees' Association.

The whole matter will, however, be reconsidered at the next general meeting to be held shortly. Twenty men and women attended the meeting, a more complete report of which will appear in the next issue of THE NEWS.

Mr. Wheeler, who was present, asked leave of the delegates to reaffirm an earlier refusal to stand if they believed such action would clear the air. A vote was taken on a motion advanced by Chilliwack Valley members advocating the convention adjourn in favor of calling a federal constituency conference to name a new elections committee. It failed to pass by a vote of 8-13. Two of four delegates from Rosedale Club had previously withdrawn when disqualified on a constitutional technicality similar to the one which eliminated Wheeler as a candidate choice. Appeal was made by Arthur Turner, vice-president, Vancouver, that the convention choose a candidate who could "sell" C.C.F. ideals. Principles of the C.C.F. was the theme of each of the three candidates approved by the provincial executive in their 20-minute talks. They were not asked any questions.

When scrutineers announced Mr. Pemberthy nominated with 15 votes, G. Ellinson of Haney and Nigel Morgan of Vancouver, the other two candidates, moved his nomination be made unanimous. James Cameron of Haney, C.C.F. candidate in the last Federal election, also endorsed the candidate and advised him to camp in Chilliwack Valley where he contended they were defeated last time. Ellinson is a member of a pioneer Maple Ridge family. Morgan is a former Victoria C.C.F. candidate and is vice-president of International Woodworkers of America, Vancouver C.I.O. Union.

Fred Bonn of Hammond was chairman of the convention.

Mr. Pemberthy, introducing himself as a comparative stranger, told the convention he had resided in Haney for one year and nine months. He came, he said, from Coleville, Sask., with nothing to show after 30 years prairie farming. In Coleville district he was actively associated with farmer co-operative movements, a director of the United Grain Growers, United Farmers, and delegate to the Wheat Pool, was also a provincial C.C.F. candidate in Saskatchewan.

Completion of Tennis Courts Is Arranged

With season advancing and aid not forthcoming from sources from which it was expected, a meeting of the Central Fraser Valley Tennis Club committee, held Monday night in Abbotsford, decided to accept generous financial support privately arranged among those interested in seeing the game established for the benefit of young and old in Matsqui, Sumas and Abbotsford. As a result work of hard surfacing the four courts on the former Coogan property west of Abbotsford was expected to start within a few days. Hope was expressed the courts would be completed by the end of this week.

It was arranged that if work is not sufficiently advanced on the courts, the Box Social and Prize Drawing, scheduled for the courts this Thursday evening at 7:30 o'clock, will be held in Mrs. M. Trethewey's garden nearby. An endeavor will be made to provide transportation for those who may need this assistance in order to attend the social. Those requiring transportation should phone 124.

HOT WEATHER

At long last and after much of the hay crop had been toughened and grain crops damaged by the unseasonable weeks of rain, summer weather literally burst over the Fraser Valley last Thursday.

NEW WAGE ORDER

The British Columbia Industrial Relations Board has promulgated two new orders, one setting a minimum wage of \$2.75 a day for cookhouse and bunkhouse employees in the sawmill industry, and the other providing for semi-monthly payment of wages in the construction industry.

New Policy Necessary

It is not so long ago since organizations in the Matsqui-Sumas-Abbotsford Area were forwarding resolutions protesting the steadily lowering standard of remuneration of Mail Couriers on rural routes. It was contended the principle adopted by the Postal Department at Ottawa of awarding route contracts to the lowest bidder was tending to create an undesirable situation.

When the matter was taken up by the Board of Trade last October it was then reported that a local route contract formerly paying \$140 a month was relet at \$75, and it was understood that bids for operation of the second route, then open for renewal of contract, would likely result in an already low rate being cut by about one-third. Our governments have standards of wages and working conditions which they impose on other businesses but the post office department of the government apparently adopts this "lowest bid" policy to side-step responsibility.

Now the matter has come sharply to attention in another Fraser Valley area, at Chilliwack, where the contract policy has come under the fierce spotlight of public criticism through a resulting breakdown in the service. Some 280 patrons on R.R. 2, Chilliwack, went without mail service for two days because the postal authorities apparently accepted a tender so low the "successful" tenderer could not even obtain bondsmen.

It is not a question of cost because the post office department annually shows a profit of between two and three million dollars, so it would appear the United States system, where the mail couriers come under the civil service, could well be adopted in Canada. At the moment the position of courier at Everson, Wn., is to be filled and applications are being received from those who want to take the U. S. Civil Service Examination at Lynden for the position. The salary in the U. S. of a rural courier on a standard route of 30 miles served daily except Sunday is \$1800 a year with an additional \$20 a mile per annum for each mile or major fraction in excess of 30. Certain allowances are also made for maintenance of equipment.

A portion of an editorial demanding a change in the Canadian policy, which appeared in the *Chilliwack Progress* last week, is reproduced in this issue of *The News*.

A Dangerous Farm Problem

(Lynden Tribune)

"Spontaneous combustion." There you have a long name for the cause of a blaze that has made short work of many a Lynden farmer's barn and crop during the past few years.

Damp hay gets hot. A blaze results. Calamity follows. That's the story in brief.

Let's hope that the filling of every barn in Whatcom County will be watched with the greatest of care this season. Excess moisture must be avoided. Ample salt to absorb possible moisture must be added. Every precaution must be taken. Experience here has shown that hay-storing is a problem full of hazards during a damp season.

* * *

Small Wastes vs. Small Margins

Modern distribution, based on the principle of moving goods from producer to consumer with the maximum of efficiency, has revolutionized many formerly accepted practices of merchandising. Efficiency of distribution has grown as methods have been devised to eliminate or reduce former wastes, and the ultimate consumer has benefitted as the savings thus made have brought him lower prices.

Modern merchants, operating on a much smaller margin of profit than did those of a generation ago, have had to become increasingly waste-conscious in order to meet competitive efficiency. If a merchant's net profit is four per cent, a waste of one dollar means that he must sell \$25 worth of goods to make good the loss. A bad debt of \$50 means that \$1250 worth of merchandise must be sold to paying customers before the loss is overtaken.

* * *

Maybe This Would Get Results

With only one surfaced highway through the Fraser Valley and, as yet no fully surfaced cross-valley artery, Valley motorists are inclined to envy their Washington neighbors. Across the border, state and federal governments have co-operated to provide the public with a network of concrete highways. They have four-lane highways for the main arteries of travel and a choice of paved routes almost anywhere they want to go. It comes as somewhat of a shock, therefore, to read that our Whatcom County neighbors are anything but satisfied. Under the caption: "Our Spring-Smashing Highways," the Lynden Tribune tells what is now being sought:

"Some of the worst highways in the nation are the gravel roads between Lynden and Everson.

"Carrying a larger volume of traffic than the great majority of the roads of the country, they have been shamefully neglected, with the result that farmers of this area are being put to serious inconvenience and extra expense daily.

"Lynden and Everson businessmen might well do a little camping on the courthouse lawn until the commissioners recognize the need for prompt action in this section. By all means these highways should top the list of those scheduled for permanent surfacing."

Perhaps if Abbotsford, Matsqui and Mission businessmen followed the suggestion given Lynden-Everson businessmen and "camped on the courthouse lawn" this district might at least get some dust-layer put on the unpaved gap in the Mission-Abbotsford highway and on the detours of the International highway link between Abbotsford and Huntingdon. Of course, Washington citizens were not so foolish as to let their government sit remotely out on one of the Gulf Islands, difficult and expensive of access when the public wished to make a plea.

FARM and RANCH TOPICS

Advocates Free Milk For Kiddies

Distribution of free milk to under-nourished school children was advocated before the Metropolitan Health Committee, in Vancouver last week by Alderman J. Bennett.

Discussion of his idea modelled on a program already under way in Great Britain for improving health standards, drew from Dr. Stewart Murray, medical health officer, an assertion that Vancouver citizens use only half the quantity of milk they ought to have.

His figures persuaded the board to order a full report from him on local milk consumption, with particular reference to malnutrition among children. Directors also asked him to include a survey of the manner in which surplus milk is drained from the fluid market.

The M.H.O. estimated fluid consumption at 20,000 gallons per day.

If adults used one pint each and children had between a pint and one-half and one quart each day, as they should have, the consumption would be roughly 40,000 gallons, he said.

PLUMCOTS ATTRACT INTEREST

Latest exhibit in THE NEWS display window to be a source of considerable interest to the public is a plate of Apex Plumcots. A cross between apricot and plum, fruited on 3-year-old trees, they are tasty fruit with a honey flavor, and are also pleasing in shape and coloring. The exhibit occurs through the courtesy of Gordon White of the Sardis Nurseries, who states the Plumcot ripens earlier than other fruits grown in the Fraser Valley.

TOBACCO WORM CONTROL

Growers of flue-cured tobacco in southwestern Ontario have been warned that the tobacco worm is likely to be plentiful this season, and are advised by the Dominion Entomological Laboratory at Chatham, Ont., that the most successful control measure is to spray with arsenate of lead, three to four pounds in 40 gallons of water. A second application is occasionally necessary. No more than the recommended amount of poison should be used, and rapid-driving through the rows is deprecated because complete coverage of the plants is essential for efficient control.

B.C. DELEGATES ATTEND WORLD'S POULTRY CONGRESS

J. S. Greenshields, a well-known poultry expert, who is an American Poultry Association judge, is taking forty birds representative of the Province of B.C. to the World's Poultry Congress, which opens at Cleveland on Friday, and will be in charge of the B.C. section of the congress. The birds have been selected from all over the province.

H. D. Reid, Dominion Government R.O.P. inspector, is taking a group of some 20 birds to represent the Dominion. All of them are selected farmers' birds.

Prof. E. A. Lloyd of the poultry husbandry department of the U.B.C., Fred Beeson, secretary of the B.C. World Poultry Congress committee, and Mrs. Beeson; G. R. Wilson, Dominion Government field man for B.C.; C. Headey, whose pen at the Agassiz Experimental Farm egg-laying contest is at present leading all Canada; Claud Vroom, whose pen at the Agassiz contest last year won the world egg-laying championship; and S. J. Bowman, B.C.E.R. agriculturist, are among those attending the Congress.

Popularity of Lockers is Revealed

AGRICULTURAL NEWS

Information acquired from questionnaires sent to operators of locker type storage plants in the state of Washington furnishes some interesting information on the industry. There were 124 replies received from 230 questionnaires mailed out by the department of agricultural engineering at the state college of Washington. Subsequent checking of lists revealed there are 245 locker plants in the state, so the replies represent approximately 10 per cent of the plants in operation.

A summary of the replies showed 28,465 lockers, 22,030 of which are rented. Of this 22,030, about 15,000 are rented to families out of town. It is assumed the questionnaires represent a fair average for locker plants in the state. If this assumption is correct, there must be at least twice the number of lockers rented as the figures show.

MANY IN USE

The average size of the locker was 11 cubic feet, a majority of which were close to 10 cubic feet. Many plants had two and some three sizes of lockers. The average number of lockers per plant was 293, ranging from 32 to 2000. The average number of lockers rented was 216.

The average rental rate on the (Continued on Page Six)

B.C.E.R. OFFICIALS VISIT IRRIGATED MATSQUI FARM

W. C. Mainwaring, general sales manager, and E. E. Walker, light and power sales manager, of the B.C. Electric Railway Co. Ltd., visited in Abbotsford, Matsqui and Hatzic on Thursday. With Ralph Gram, B.C.E.R. agricultural representative for this area, as their guide, they visited the B. B. Sanders dairy farm in Matsqui where an irrigation system has recently been installed and also the game farm of Dennis Hitch at Hatzic. Mr. Mainwaring took moving pictures in color of the thousands of pheasants being raised on the latter farm.

FRENCH WEED OR "STINK" WEED FOUND LOCALLY

Fearing that the weed may appear in other parts of the district without its menace to a dairying district being known, H. L. Preddy, Old Yale road East, Abbotsford, has brought to THE NEWS office a sample of French Weed or "Stink" Weed which he found in cultivating his raspberries.

While this weed is one of the most common noxious weeds of the Prairie Provinces, and is also quite common in the Interior of B.C., it is not known how it secured root in this district.

Gordon White, representative of Sardis Nurseries, who was a visitor to THE NEWS office a few minutes after Mr. Preddy left the weed, now displayed in THE NEWS window, immediately recognized its dangerous potentialities. Ralph Gram, representative in the Central Fraser Valley of the agricultural division of the B.C. Electric Co., whom THE NEWS questioned, also recognized the weed and verified the description given by Mr. Preddy and Mr. White of its characteristics.

Eaten by cattle this weed taints all dairy products, makes milk, butter, etc., unfit for consumption. If pulled up before the seed pods germinate it will die a natural death, but if pulled and cast aside after the pods have formed it may lie dormant under dry conditions for years until sufficient moisture happens to reach the seed to effect germination. If the climate it not too damp for it, the weed has dangerous possibilities in this valley.

SPUD STOCKS LESS

Farm stocks of potatoes, including seed supplies, in Canada at March 31, 1939, amounted to 9,558,000 cwt., as compared with 13,878,000 cwt. at the corresponding date in 1938.

CLYDES CONTINUE SWEEP

B.C. Clydesdale females swept everything at the San Francisco Exhibition, doing even better than the stallions did. They won six firsts, five seconds and all the championships with four trophies.

MINK AND FOX FARMS DISTEMPER PREVENTION

As a means of preventing distemper on fox and mink farms, the use and possible effects of live virus-vaccine is discussed by Dr. E. A. Watson, Dominion Animal Pathologist, in a pamphlet issued by the Science Service of the Dominion Department of Agriculture.

NAME AUCTIONEERS

J. B. Dennis, well-known auctioneer, and Mat Hassen of Armstrong, will officiate in the ring at the purebred dairy cattle sale being held in conjunction with the Chilliwack exhibition on the last day of the fair.

RENEW MILK PROBE

Alberta's second milk probe into prices to be charged for milk in Edmonton, Calgary and Lethbridge is under way before Judge A.A. Carpenter of Edmonton.

NEW PEAT PLANT

Production of peat moss in the form of a fertilizing agent is scheduled to commence shortly at the Ladner plant of Delta Peat Products Ltd., according to an announcement by J. A. Collins, president.

• The person who has not made a mistake has never done anything. Our mistake was to purchase too many trousers for men and young men. The space now occupied by this stock, not to mention the money tied up in it, is needed for fall and winter stocks. So we are offering some 145 pairs at generously low prices—in browns, blues, blacks, greys, and sand. In smooth and not-so-smooth tweeds, in worsted and fine flannels. In plain or pleated fronts. In standard or drape models. Sizes from 28 to 38 waist, all leg lengths...

Not Good Enough

(CHILLIWACK PROGRESS)

"It appears, however, there is one standard that matters little to Canada's Postal Department, and that is the rate or standard of remuneration paid the men who are required and expected to maintain a high standard of service and responsibility—the mail hauler or courier. The policy of the department is to accept the lowest tender for this important national service, without regard to any or all factors in the case. A tender may be submitted at half the actual cost of doing the job, but so long as the applicant can provide acceptable bondsmen to make good the deficiencies, the department is quite unconcerned. If the lowest tenderer fails to maintain the service or starves in the attempt, that is his hard luck. In a word, there is a standard required for all departments of this particular branch of service but the pay.

"It is not a good example in business ethics and it should be beneath the dignity of a government department of the importance of the postal service to accept the offer of any individual at a wage below a decent standard of living. Even men on relief are protected by the government from this form of chiselling.

"Every form of industry is regimented to labor hours and rates of pay. But the postal department of Canada is willing to accept a gratuity or bonus from some misguided individual for the exalted privilege of providing a dependable conveyance and delivering and collecting mail daily, Sundays excepted, over a 34-mile route.

"Chilliwack's hand-me-down One-Horse Mail Service (O.H.M.S.) plugging along city streets between a modern post-office building and electrically operated trains is a daily example of the antiquated conception of the postal department to this branch of its Dominion-wide service. The outfit is all or more than the contractor can afford, at the remuneration paid. The remedy is allowance of a decent rate of pay for the service rendered, Surely not too much to ask."

Clayburn

Breaks Arm In Fall From Ladder

Co-operation

Co-operation is the keynote to all progress in any community.

We cordially invite your co-operation in making the Abbotsford, Sumas & Matsqui News a real credit to this area.

Your contribution of items of a local or social nature for inclusion in its columns will be much appreciated.

Thank You!

THE NEWS

ENTERTAIN SUMAS PRAIRIE SOCIAL CLUB MEMBERS

Mrs. R. Harris and Mrs. McNelles were joint hostesses to 20 members of the Sumas Prairie Social Club on Thursday afternoon at the home of the former. Mrs. W. Buchanan presided. A social hour was enjoyed, two contests being part of the afternoon entertainment. Prize-winners were firsts, Mrs. J. Watson and Mrs. C. Baynes; seconds, Mrs. L. Lamson and Mrs. D. Stafford. Ice cream, cakes, and tea were served at the close.

ASSUMES PASTORATE

Rev. H. E. Roberson, for the past three years at Chilliwack, has assumed charge of the M.S.A. pastorate of the Pentecostal Assembly. He succeeds Rev. Scratch, who recently accepted a call to Olympia, Wn., and is residing in the suite over the Tabernacle in Abbotsford. Rev. Roberson is already acquainted with the M.S.A. Area and has quite a few friends here, particularly in Matsqui, as he was relieving pastor at Mission for six months.

Engagement Of Interest To District

Of interest to this district, as Mr. Rive's parents formerly resided here, is the announcement of the engagement of Harriet, eldest daughter of Mr. and Mrs. Charles Hopkinson of Manchester, Mass., to Mr. Alfred Rive, secretary permanent delegation of Canada to the League of Nations, Geneva, Switzerland, eldest son of Mr. and Mrs. E. Rive, 3657 West Eleventh Avenue, Vancouver. The wedding will take place in England in August. Mr. E. Rive is well-known in the M.S.A. Area being Production Manager in charge of milk products plants for the F.V.M.P.A. and was formerly superintendent of the Pacific Milk condensery here.

200 ATTEND FAREWELL PARTY FOR SIEBOLD

A farewell party was held in Gifford hall by the Gifford Community on Friday evening for Mr. and Mrs. C. Siebold, who are leaving for Oregon. Over 200 guests attended. Reeve George Cruickshank in his humorous way presented Mr. Siebold with a sum of money, and Mrs. Siebold with an angel cake which was made by Mrs. J. Westlin, on behalf of the community. An enjoyable evening was spent in dancing and music was supplied free by the Rhythm Hot Shots.

BEAUTIFUL LILIES BIG ATTRACTION AT AUXILIARY PARTY

The home of Mr. and Mrs. J. W. Winslow, at Huntingdon, was the setting for the annual garden party of the Abbotsford Women's Auxiliary to the M.S.A. General Hospital on July 19, when in spite of the previous inclement weather, the guests enjoyed a pleasant afternoon. The gardens, whose beauty is well-known, were at their best, a particular point of interest being the Regal lilies on whose 6-foot stalks were often 14 blossoms. Miss Enid Winslow acted as hostess in place of her mother, who is absent in England. A long table was spread on the lawn with Mrs. G. E. W. Clarke and Miss C. Cruickshank pouring tea and coffee. Those who called during the afternoon enjoyed clock golf and other summer lawn games.

SUNDAY SCHOOL PICNIC IS BEING HELD AT BOWEN

Members of St. Matthew's Anglican church Sunday school were off early this morning for their annual picnic which is being held at Bowen Island. They left by car and bus at 7 a.m. in order to catch the boat for the Island from Vancouver.

Wife: "How do you like the salad today?" Husband: "Delicious, did you buy it yourself?"

Abbotsford District Paragraphs

J. P. Leslie and W. Groat returned from Georgetown, Ontario, on Saturday.

Mr. Charles Watson of Bradner sustained a painful injury when his right hand caught in a pulley during haying operations.

For the first time in 11 years, J. S. Daly, proprietor of the J. S. Daly Stores in Abbotsford, was confined to his home by illness Monday. "Not bad for an old soldier," his friends observe.

The home of Mr. and Mrs. J. H. Cameron, Whatcom road, was the scene of a happy family gathering on Sunday afternoon when friends and relatives gathered there to celebrate the birthday anniversary of Mrs. F. Harvey, daughter of Mr. and Mrs. Cameron. Fifteen persons sat down to dinner. Mrs. Harvey's sister, Mrs. Gladys Brown, accompanied by her two children, Alice and Bud, came up from Bellingham for the occasion.

Mrs. Paul Cook and daughter, Dorothy Louise, and Mrs. T. C. Coogan of Portland, Ore., were weekend guests of Mr. and Mrs. Wm. Roberts. Miss Effie Roberts returned to Portland with them and will visit there for three weeks.

Miss Julia Zalesky left Monday to spend a week in Nanaimo, the guest of Miss Mary Penton.

Miss Jean Tucker of Vancouver visited her home here for the weekend.

Satisfactory progress is being made by Mr. Douglas Willan, who is a patient in M.S.A. General Hospital. He was able to sit up this week and it may not be long before he will be able to go home.

Miss Florence Stewart of the Marigold Beauty Shoppe is accompanying Miss Charlotte Stewart, formerly of Abbotsford, their father, Mr. W. J. Stewart of Vancouver, and Irvine Wright on a fishing trip in the Cariboo. Miss Phyllis Stewart of Vancouver is relieving at the Marigold.

Miss Beatrice Stech was the weekend guest of Miss Lucy Cottman, formerly of Poplar, at Bellingham, Wn.

The A.S.M. Social Welfare Club wishes to thank the following friends for donations received during June and July: Mrs. Winslow, Mrs. Marisan, Mr. Stordy, Mrs. J. K. Fraser.

Mrs. H. J. Foreman of Kamloops was a weekend visitor at the home of Mr. and Mrs. W. Pottage. Mrs. Foreman is Mrs. Pottage's sister.

McKinnon - Olund Rites Held In Royal City

Occasioning wide interest in this district, particularly in Poplar, was the wedding ceremony which took place in St. James Church hall, New Westminster, on Tuesday, July 18, at 8 p.m. The bride was Agnes Eva, daughter of Mr. and Mrs. John Olund of New Westminster, formerly of Matsqui, and the groom, Mr. Nell McKinnon, son of Mr. A. McKinnon of Kilgord, and the late Mrs. McKinnon.

The hall was prettily decorated with greenery and flowers. Officiating at the service was Rev. T. S. Paton, while Miss Freda Nelson, A.T.C.M., played the bridal music.

Given in marriage by her father, the bride had selected a lovely gown of starched white lace, posed over white satin. A coronet of orange blossoms held her fingertip veil in place and her flowers were Rapture roses and sweet peas.

Miss Mabel Olund, who attended her sister as maid of honor, and Miss Eileen Owen, bridesmaid, wore similarly styled dresses in shades of deep and light pink respectively. Posies of blue delphinium and sweet peas were used as twin-bouquet and hair corsages.

Mr. Alex McKinnon acted as groomsman for his brother and Mr. Alex Kerr and Mr. Leslie Barber ushered the guests to seats. Mrs. A. Whitson was soloist, singing "I Love You Truly."

A reception followed the ceremony, when Mrs. Olund, wearing an ensemble of navy and white, was assisted in receiving by the sister-in-law of the groom, Mrs. Murdoch McKinnon, who wore a costume of blue-flowered silk.

For the wedding trip, which will take the young couple to interior B.C. points, Mrs. Nell McKinnon changed to a dark green suit with japonica accessories and corsage of roses. On their return, the young couple will live in Kilgord.

Iris and Eddie Roberts of Retallack are spending the summer vacation with their grandparents, Mr. and Mrs. Wm. Roberts and Mr. and Mrs. McNelly.

Miss Nonie Gilmore, who is attending Pro Rec summer school in Vancouver, was home for the weekend.

Miss Dorothy Duark has received word that she has received First Class honors in advanced theory in the recent examinations of the Toronto Conservatory of Music.

Miss Jessie McMurphy of Vancouver is visiting her sister and brother-in-law, Mr. and Mrs. Lang. Sands, and is assisting at THE NEWS office.

Mr. and Mrs. N. H. Hamilton of Vancouver are visiting their daughter and son-in-law, Mr. and Mrs. A. F. Ellis.

Little Miss Joan MacDonald of Vancouver, a recent guest of her aunt and uncle, Mr. and Mrs. Claude Weir, has returned home, accompanied by Dona Rae Weir, who will visit for a week.

Miss Margaret Irvine of Vancouver visited her home here at the weekend prior to leaving on Sunday for a motor trip to the Golden Gate Exposition at San Francisco.

Motor traffic was heavy in the Fraser Valley during the weekend, one of the hottest of the season. Mr. and Mrs. Don Benedict, returning from Boundary Bay in mid-evening Sunday, met 267 cars between Langley Prairie and Abbotsford. The much-publicized "100 Deathless Days" campaign in Vancouver did not appear to have made much impression on the returning city motorists for only about one in ten, it was observed, was courteous enough to dim lights in passing eastbound cars.

On Sunday, July 30, the preacher for the evening service at the Metropolitan Tabernacle Mission will be Mr. A. Lindsey, who will be assisted by Miss Esther Freeman. Miss Freeman is leaving for China in September.

If You've Heard This One....Stop Me,

Husband: "I wonder why we can't save anything?" Wife: "It's the neighbors, dear, they're always doing something we can't afford."

She: "That waiter is either a nut or a humorist." He: "What's the matter?" She: "I ordered extract of beef and he brought me milk."

"I don't like the look of that haddock." "Lady, if it's looks you're after, why don't you buy goldfish?"

Son: "Why do American dollars have eagles on them?" Father: "I think it is symbolic of swift flight."

She: "I wonder why so many marriages are failures?" He: "It must be because so many inexperienced people go into it."

In 1905 it was, "Look at that auto!" In 1939 it is "Look at that horse!" In 1950 it will likely be, "Look at that pedestrian!"

Good breeding consists of successfully hiding how much you think of yourself and how little you think of others.

Most auto accidents occur on Saturday or Sunday. It is a great life if you don't weekend.

Child: "If a doctor is doctoring a doctor, does the doctor doing the doctoring have to doctor the doctor the way the doctor being doctoring wants to be doctoring, or does the doctor doctoring the doc-

Sky Stones Set Fire To Surrey Field

Tangible evidence of the meteorite "bombardment" which amazed inhabitants of the British Columbia coast and interior has been discovered by Fred Quantz, Cloverdale farmer.

Mr. Quantz states that on Thursday night he found four large, perforated fragments of fused rock buried a few inches deep in his hayfield.

"Around 8 o'clock last Thursday evening I saw smoke rising from my hay field," Mr. Quantz states. "I hurried into the field with water to put out the blaze, and found that the clover had been ignited by large fragments of red-hot stone."

"When the stones cooled," Mr. Quantz continued, "I got a pail and brought the four pieces over to the house, where I washed them. I found a lot of holes in them, so I weighed them, and found they were between nine and ten pounds."

The largest of the stones was about the size of a football. For their size they were light in weight and appeared to have been subjected to terrific heat. The outer surfaces were rough and irregular, and streaked as if the rock had been in a molten state.

The intense heat of the fragments had burned an oval patch in the green clover about six feet long and four across. The largest rock lay in a hole two inches deep, eight inches wide and two feet long, indicating that the mass had been travelling at an angle of approximately forty-five degrees to the earth.

THIRD ANNUAL NAZARENE CAMP MEETING OPENS

Third annual Nazarene Camp Meeting opens in Abbotsford this week with attendance expected to represent all parts of British Columbia and centres in the neighboring districts of Washington. Dates of the meeting are July 27 to August 6 and services will commence at 6:30 a.m. and continue throughout each day.

Workers who will conduct the sessions include: Rev. L. W. Collier, Salem Ore.; Rev. J. R. Spittal, District Superintendent, who will be accompanied by Mrs. Spittal, also a preacher, and their son, a musician; Leonard McKee, Salvation Army bandmaster, Wenatchee, Wn.; Mrs. C. E. Rawson, Cloverdale, children's worker; while Rev. R. E. Lawrence of the Abbotsford church is camp manager.

Large tents have been erected on the former GNR right-of-way east of Montrose avenue by permission of the Public Works Department to accommodate the sessions.

The first camp meeting was held in Abbotsford in 1937 and its success led to a larger meeting last year, growth of attendance being indicated by the fact 500 meals were served in 1937 and 1000 last year. Malicious damage to the first tent erected this season is believed due to depredations of some ill-mannered small boys in the district.

TO ATTEND CAMPS

Members of Abbotsford Cub Pack leave for Byng Camp at Roberts Creek, Howe Sound, on August 3. Boy Scouts will go to the camp on the following Thursday, August 10. Girl Guides also leave on August 10 to attend the Fraser Valley Division Camp at Wilson's Creek.

W. E. Schnare Wins Prize In Contest

Lucky in betting on ball teams, Wm. Schnare, well known head of Abbotsford Motors, can also forecast fairly accurately the vagaries of the Fraser river freshet, it would appear from a New Westminster report. B.P.O. Elks in the Royal City conducted a guessing contest on the freshet this season and, strange as it may seem, city folks won all the prizes but fifth which Bill Schnare brought to the Fraser Valley.

First prize, according to The British Columbian, was won by W. C. Bowie, 1517, West Broadway, Vancouver, who wins \$70.40. The contest was to guess the highest water between June 1 and July 15. The high mark was 17 feet 7 inches on June 2. Bowie's guess was exactly correct.

Second prize was shared by H. Lusk, 814 Milton street, and Max Nascou, Elks club, each receiving \$17.60. Miss Kathleen Purdy, 619 Fifth avenue, won third prize of \$17.60.

Fourth to ninth winners each received \$8.80 as follows: W. McVee, 820 Fifth avenue; W. E. Schnare, Abbotsford; Dr. F. P. Kenny, 615 Columbia street; G. A. Robinson, 402 Pender street, Vancouver; T. W. Anderson, 2058 Mission avenue, Burnaby; Mrs. D. McKenzie, 1223 East Eleventh avenue, Vancouver.

 Colored hens, per lb. 16
 Chickens, 4 1/2 lbs. up, lb. 17
 Leghorn hens 12 to 15
 Butter—Wholesale: Carton, 25 1/2, prints, 24 1/2.

Births at M.S.A. Hospital

July 25: To Mr. and Mrs. Cyril Thomson of Mt. Lehman, a son.

The SNAPSHOT GUILD

BE A PHOTO HISTORIAN

The story of our times is being told for the next generation by amateur photographers who take and preserve simple scenes of present-day life, such as this.

DID it ever occur to you that as the owner of an amateur camera you are blessed with the means of making a valuable and truly significant record of the times in which you live? Magazine, newspaper, news-reel and other professional photographers are doing just that every day and a vast store of pictorial history is accumulating.

Thanks to the progress and spread of photography our descendants are going to know much more about the way we lived and acted than we know of the way our great-grandfathers did. Through these millions of photographs of life and action now being taken our descendants will possess visual evidence of the things we did, how we dressed, how life went on in city and country. Contrast the advantage they will have over this generation which has to rely upon the descriptions of writers and the work of artists for its understanding of life prior to the introduction of photography scarcely more than two generations ago. However accurate the work of writers and artists may be, it cannot equal the reality and truthfulness of photography.

We amateur photographers, now millions strong in every country, are also making a tremendous contribution to this photographic record of our time. Few of us, however, are doing it by design. Most of us take pictures for the present amusement of ourselves, families and friends with not so much thought to their value and interest to our children's children. Too few of us take pains to preserve the pictures we take.

Well, what do you say to the idea

of becoming a photographic historian for the benefit of your own posterity? This you can do effectively even on a small scale. It simply means making a collection of pictures, taken by yourself, best representing the life, customs, dress and activities of the present day and placing them in a special album to keep and hand down as a family possession. Some of these pictures will seem commonplace now but as interesting and valuable forty or fifty years hence as those of the "gay nineties" are to us.

Select subjects which in your judgment are most typical of the current scene. Certainly you should not neglect to include your own home life, street scenes and other views about your changing city, the homes of the rich and the homes of the poor, life in the country and present types of automobiles, airplanes, railroad trains and other things in general use which today spell modern life and tomorrow will be obsolete.

You should not fail to include off-guard snapshots of people doing things illustrative of common life—what the artists call *genre* pictures. Make your camera your companion especially in traveling and be ready for these. For example, a shot out of your car window of a scene on the platform of a railroad station may seem ordinary enough today but it is a sample of common life. Years hence this picture will be a curiosity. The modern scene is constantly changing. There is no other medium than photography which can show so truly after a lapse of years what these changes have been.

John van Guilder.

SIDEWALK PROPOSED BETWEEN HIGHWAY AND NORTH POPLAR SCHOOL

At the last Matsqui municipal council meeting a petition was presented asking for construction of a sidewalk on the Clearbrook road from North Poplar school north to the Trans-Canada highway, a distance of about 1/4 of a mile.

The local committee has since received the following letter over the signature of J. W. Pennington, municipal clerk:

"I beg to advise you that the petition submitted by you was placed before the Council for consideration and I was instructed to ask you to inform your petitioners that if relief labor is available Councillor Kettie will attend to this matter."

PICNIC LUNCH SANDWICHES

Want to go on a picnic? If you do, look in the icebox and see what is on hand. Ten chances to one you will find left-overs and ingredients to make a variety of sandwiches. With an assortment of sandwiches and a few other items to fill in, it's easy to be ready in no time at all.

Some suggested menus for picnic basket lunches are given below, with recipes for various kinds of sandwiches.

A PICNIC MENU

Raw Vegetable Sandwiches
Bacon Sandwiches
Snappy Sandwiches
Apples, cookies, milk or coffee in a vacuum bottle.

RAW VEGETABLE SANDWICHES

½ cup grated raw carrot
½ cup grated raw cabbage
½ tsp. salt
2 tbsp. salad dressing
Buttered bread
Combine the carrot, cabbage, salt and salad dressing, and spread between slices of bread. This makes 1 cup filling and from 6 to 8 sandwiches.

BEAUTY SANDWICHES

1 cup boiling water
1 cup seedless raisins
1 cup grated raw carrot
¼ cup sweet pickle relish
1-3 cup mayonnaise
½ tsp. salt
Buttered bread
Pour the boiling water over the raisins and let stand 10 minutes. Then drain and chop. Combine with other ingredients and spread. Will spread 8 to 10 sandwiches.

BACON AND BAKED BEAN SANDWICHES

4 slices bacon
¼ cup mustard pickles
1 cup canned baked beans
8 slices buttered bread
Cook bacon until crisp, then cut in small pieces. Chop mustard pickles fine. Mix bacon, beans and pickles and spread between slices of bread.

BACON AND CREAM CHEESE SANDWICHES

1 3-oz. pkg. cream cheese
1 tbsp. chili sauce
4 slices bacon, diced and cooked
8 slices buttered bread
Mix cheese and chili sauce and spread on 4 bread slices. Sprinkle with bacon and top with other bread slices.

SNAPPY CHEESE AND OLIVE SANDWICHES

1 3-oz. pkg. cheese
16 small stuffed olives
2 shelled hard-cooked eggs
1 tsp. minced onion
2 tbsp. melted butter
2 tsp. lemon juice
1 loaf white bread
Mayonnaise
Cream cheese until soft. Then add the olives and eggs which have been minced, the onion, melted butter and the lemon juice. Spread slices of bread with mayonnaise and then with the filling. Makes enough filling for 8 sandwiches.

A TEMPTING LUNCH

Here's another suggested menu:
Cold Fried Chicken
Tomato Sandwiches
Egg and Celery Sandwiches
Cake
Lemonade or coffee

TOMATO SANDWICHES

½ cup peanut butter
¼ cup French dressing
12 slices tomato
12 slices buttered bread
Combine peanut butter and French dressing and spread on half of the bread slices. Arrange 2 slices of tomato on each and top with other slices of bread.

TRY THIS ONE

Another suggested menu is as follows:

Meat Loaf Sandwiches
Cream cheese, Olive sandwiches
Small tomatoes
Apple Sauce Turnovers
Coffee

A NEW SANDWICH BREAD

A new and delicious sweet bread for sandwiches is made with Brazil nuts and Apricots.

½ cup dried apricots.
1 egg
1 cup granulated sugar
2 tbsp. melted butter
2 cup sifted flour
3 tsp. baking powder
¼ tsp. baking soda
¼ tsp. salt
½ cup strained orange juice
¼ cup water
1 cup chopped Brazil nuts
Soak apricots ½ hour, drain and grind. Beat eggs, stir in sugar and mix well. Stir in butter. Sift flour with baking powder, soda and salt alternately with orange juice and water to sugar mixture. Add Brazil nuts and apricots and mix well. Bake in a well greased loaf pan 10x5x3½ inches for 1¼ hours in a moderate oven at 350 deg. F.

Popularity Of Lockers Is Revealed

(Continued from Page Two)

boxes is \$9 a year, or close to \$1 a year per cubic foot of space. The average length of time that these lockers have been in operation is approximately 3½ years. This average is for 79 plants. Several plants indicated they had been in operation less than a year.

In answer to the question as to the time lockers are rented, the replies showed 70 were rented for one year, 8 for six months, 7 for nine months, 2 for eight months, and 2 for three months. The purpose of this question was to get some idea about the proportion of time renters used their boxes.

A question as to temperatures at which locker rooms were held brought the following replies: Three operators stated they held their locker rooms below zero; 12 from 1 to 5 degrees above zero; 54 from 6 to 10 degrees above; and 15 above 10 degrees above zero.

FREEZING FACTS GIVEN

The principal factor in the operation of frozen pack storage is that of keeping the temperature uniformly low. The Federal Freezer Pack Laboratories at Seattle have found that the temperature of the storage room should never exceed 10 degrees above zero F. It is preferable to keep it at zero or less.

The material kept in the refrigerator was largely meat, fruit and vegetables. In some sections of the state, fish is kept.

POTATO BLIGHT

Dominion Certified Seed Inspector H. S. MacLeod discovered signs of late blight on a recent inspection of 68 certified seed plots in Langley district. Mr. MacLeod issued a warning to all potato growers to take prompt action to stamp out the disease.

OBJECTIVES OF B.P.O. ELKS ARE EMPHASIZED

An inspiring message on the duties and responsibilities of Elkdom in Canada was given by John Vaselenak, Lethbridge, grand exalted ruler, in an address at the B.C. Elks Association conference banquet at New Westminster. Mr. Vaselenak stressed three responsibilities of the Elks—to promote unity in Canada, to promote loyalty to the Empire, and to promote friendship with the United States.

He referred to the wonderful effects of the visit of the King and Queen and said the Elks should carry on the spirit of unity and loyalty developed by the Royal visit. Actually the Elks had been concerned in these objectives for the past five years.

British Columbia was in a better condition than some parts of Canada. Her industries were more stable than farming on the prairies, said Mr. Vaselenak. Elkdom flourished in the province and the prairies looked to the coast for leadership, he said.

Premier T. D. Pattullo welcomed the Canadian delegates to the grand lodge convention.

ROYAL CITY MAN HEADS B.C. ELKS

A. J. Follis, New Westminster, formerly vice-president of the B. C. Elks Association, was elected to the presidency of the B. C. Elks Association, at the close of the annual provincial conference in the Elks' home. Other officers elected for 1940 were: 1st vice-president, Harry Roberts of Prince George; 2nd vice-president, Martin Peterson, Trail; 3rd vice-president, Percy Payne, Victoria; secretary-treasurer, Molby Stewart, Vancouver; esquire, George Sherley, Salmon Arm; tyler, G. Parlee, Duncan; inner guard, F. H. McMillan, Powell River; trustees, T. W. Ferguson, Port Coquitlam, W. A. Harris, Kamloops, and E. H. Tupling, South Vancouver.

The 1940 conference will be held at Trail, Victoria made the choice unanimous which means

We Carry a Complete Line of

Building Supplies

Quality is most essential in building supplies. Cheap, shoddy materials and second-rate lumber may save a few dollars in initial building costs, but what an expense in later years! Cracks, sagging, warping, discoloring, leakages—all troublesome and expensive to repair. Play safe and buy from an established firm with over twenty-five years' service in this district!

MONSTER PICNIC OF B. & K. STAFF NEEDS TWO SHIPS

Manager Gordon Peardon and members of the staff of the local branch as well as a number of friends joined today with more than 1400 officials and employees of the Brackman-Ker Milling Co., Ltd., and their wives and families in a monster annual picnic at Sechart. Two chartered ships, SS. Lady Alexandra and Lady Cecilia, docked at New Westminster to pick up the hundreds of employees in the Fraser Valley. The boats sailed at 8:15 a.m. and will return about 10 p.m. Sports and other events will be held at Sechart.

The production of beeswax in Canada in 1938 is estimated at 446,850 pounds as compared with 286,650 pounds in 1937.

FLIN FLON MAN HEADS NATIONAL B.P.O.E. BODY

Lou F. McDonald, Flon Flon, Manitoba, was elected grand exalted ruler of the Elks for Canada and Newfoundland, at the conclusion of the 27th annual convention at New Westminster. He succeeds John Vaselenak of Lethbridge.

Moose Jaw was selected as the convention city for 1940.

Other grand lodge officers elected Friday afternoon were: Leading knight, Gordon C. King, Biggar, Sask., loyal knight, Charles A. Vaughan, Vancouver; lecturing knight, J. F. Ferguson, Trochu, Alta.; secretary-treasurer, Col. Roy-ai Burritt, D.S.O., Winnipeg; inner guard, Harry Pelle, Duncan; Tyler, W. K. Houston, Minnedosa; Man.; chaplain, Rev. Glen Stevenson, Port Alberni. Trustees are: Fred Haney, Calgary, and Bert Sumner, Beaverlodge, Alta.; the grand judiciary committee, H. W. Galbraith, Vernon, D. Vogt, Morse, Sask.; and Ben Metcalfe, Lethbridge; and historian, W. B. Weese, Flon Flon.

A banquet and dance marked the close of the convention Friday night. J. P. McMurphy, chairman of the Elks Club, New Westminster, was toastmaster.

FAIR AT WHONNOCK MAY BE ABANDONED

The Whonnock fair, which has been held annually for many years may be abandoned this year in favor of merging with the enlarged two-day fair held at Haney by Maple Ridge-Pitt Meadows Fair Association.

Sheep Raising In B. C.

No province in Canada offers a greater variety of conditions for sheep raising than British Columbia, because of the equal facilities available to many forms of the industry, such as, a sheep ranch exclusively, a farm flock under diversified farming, or a semi-ranching enterprise. In the interior part of the province, especially in the Kamloops and adjacent areas, the establishment of a sheep flock made it possible for many of the early settlers to become established successfully, and even today, there are numerous cases where a flock of breeding ewes has continued to be one of the essential contributing factors to the development of a paying ranch.

It would also appear that the success which sheep ranchers coming to the Interior of British Columbia from other provinces have made of their respective sheep enterprises would seem to justify the opinion that the interior area is the sheepman's paradise. Each ranch, of course, whether large or small, presents difficulties, states A. A. MacMillan, Associate Chief, Production Services, Dominion Department of Agriculture, and time is necessary to work out the proper range practices. However, success is assured to those who persevere with a constructive breeding policy and use good rams and market choice lambs at the right weight when the market is not overcrowded. Sheepmen should keep in mind, explains Mr. MacMillan, that the Canadian consumer likes good lamb throughout the year, consequently production of lambs in Canada should be organized to supply the domestic market all the year round.

MARKET BOARDS 'BOON TO FARMERS' MINISTER CLAIMS

Hon. K. C. MacDonald, minister of agriculture, vigorously defended the B.C. Natural Products Marketing Act and marketing boards at the Lulu Island potato field day of Columbia Potato Growers' Association on Saturday.

The Marketing Act has placed thousands of extra dollars in the pockets of the farmers, Dr. MacDonald contended, as he addressed 200 farmers at a luncheon on Nat McNair's farm.

The group inspected many potato plots on Lulu Island and found them in good condition. There is every indication of a bumper crop this year.

McKim Bros., No. 9 road, were awarded the prize for the most outstanding field of potatoes, and Les Gilmore, also of No. 9 road, won the prize for the plot most free from disease.

HONEY PRODUCERS MEET WEDNESDAY

The Fraser Valley branch of the B.C. Honey Producers' Association will hold a bee meet at the apiary of Dr. Wessels on Wednesday, August 2, commencing at 2 p.m. There will be talks and demonstrations for beginners and advanced bee-keepers and anyone interested in bees will be welcomed at the gathering.

LETTERS TO THE EDITOR

SINGLE UNEMPLOYED REHABILITATION PLAN

The Editor, A.S. & M. News,
Dear Sir:
Please print the following letter.
Citizens' Re-Creational Council
609 Hall Building,
Vancouver, B.C.

"Dear Sir or Madam:
"The Citizens' Re-Creational Council is glad to present you with the correct plan produced by the Minister of Labor this summer for the Provincial Single Homeless Men.

"As you are probably aware, this is the first summer a Plan has been in operation, and it will release men with a subsistence of \$4 a week over six weeks, together with cash of \$13 or over to overcome a search for work at a time when the harvest is opening up.

"We feel that this is a very fine demonstration, and, having given it our support, are desirous that you should, as interested citizens, be fully informed.

"If any of you are in touch with casual employment, or can make

DECLARES JAPANESE SHOULD BE ORDERED TO LEAVE COUNTRY

Lieut.-Col. George A. Drew, Ontario Conservative leader told members of the Simcoe East Conservative Association at their annual meeting that Canada should reply to any Japanese declaration of anti-British feeling by ordering "all Japanese in Canada to leave our country."

"We have been told in the last few days by a spokesman for Japan that there need be no misunderstanding of the situation and that Japanese people hate the

HIGHEST BIRTH RATE IN VANCOUVER CITY

The Japanese increase by birth in Vancouver, worked out on a comparative basis, is almost four times greater than that of any other nationality, the metropolitan health committee was informed last week by Dr. Stewart Murray, medical health officer, who presented his annual report.

The natural increase of the Nipponese was 19.23 as compared with the average of 5.47 of other races.

The Japanese birth rate, Dr. Murray reported, was 27.52, against the 16.05 total of other nationalities.

British people as they never have before," said Col. Drew, who represents Simcoe East in the Legislature.

If such hatred exists, he continued, the basis upon which Canada allowed Japanese immigration has been destroyed by Japan.

366 Persons Apprehended By Patrol

(Continued From Front Page)

Principal authorities for civil offenses, one was a smuggler of aliens and one was arrested on a warrant.

CRIMINALS CAUGHT

That a large percentage of the aliens taken by the border patrolmen are men of dangerous criminal tendencies is shown by the fact that forty-three of those apprehended had criminal records. Thirty-six had been deported previously.

Of the law violators captured by the border patrolmen and turned over to the state and municipal authorities, one was wanted on a charge of threatening murder, two had stolen automobiles, one was an escaped lunatic, two were sought on charge of passing counterfeit money. Two runaway children were returned to their homes and a drunk driver was placed under arrest.

The immigration patrolmen confiscated a total of twelve cars against which penalties of \$585.00 were assessed for customs violations. Two other cars were seized and turned over to the state authorities. Other seizures included two bicycles and a motorcycle and miscellaneous articles valued at \$70.30.

AID OTHER AGENCIES

Fourteen aliens were apprehended by other police agencies and were turned over to the immigration patrolmen during the year. Nine of these were taken by the customs patrolmen, one by the Washington state Game Commission and one by the Bellingham police.

Six other persons, charged with violations of the immigration laws were apprehended jointly by the border patrolmen and the Washington State Patrol, the Bellingham police and the U. S. Customs Patrol.

The officers during the fiscal year ended June 30 covered nearly one-third of a million miles, the total being 325,916. A total of 159 miles was covered on foot and seventy miles by boat.

During the twelve months, the patrolmen of the Lynden subdistrict tramped through 1,485 freight trains, inspected 1,371 passenger trains, 1,646 automobiles, 5,009 busses, 151 boats and 60 miscellaneous conveyances.

Close to one-half of the 18,698 persons questioned during the year were pedestrians. A total of 3,225 others were riding in private cars, 1,243 on busses, 5,937 on boats, 672 on trains and 163 on motorcycles, bicycles and other conveyances.

22 HERDS TESTED

Twenty-two herds were under test in the June Surrey C.T.A., it is reported by Supervisor Robert Weir. C. K. Devitt's herd took top placing in the larger herd section with 1214 pounds milk, 47.1 pounds butterfat. A. A. McKinnon's herd stood first in the small herd section with 1635 pounds milk, 61.0 pounds butterfat.

suggestions by which we can obtain work for these men as they are released from the camps, please communicate with us at the above address.

Based on: Camp works period, 6 weeks; employment search period, 6 weeks; gap, 2 weeks.

Earning period, 6 weeks; employment search period, 6 weeks; gap, 2 weeks.

Total hours worked, 280. Total pay at 30c per hour, \$84. Deductions, board, \$33.75; clothing, \$6; tobacco, \$6; compensation, 50c; total, \$46.25. Balance, \$37.75. To be applied 6 weeks work search, \$24. Balance cash in hand, \$13.75.

"Allowing for 6 weeks' employment search period at \$4 per week, \$24, plus \$13.75 cash in hand for travelling expenses."

Persons wishing to have their eyes examined, glasses fitted or
repaired, may make appointments with Desk Clerk,
Atangard Hotel.

SPORTS

Sportsitorial

Abbotsford and district lacrosse fans were enthusiastic about the game played in the Jubilee "box" Monday night, but when a count was made of the contents of the little box at the gate it was found few had shown their appreciation in tangible form. The count revealed a grand total of \$2.95 from the 150 or more persons who enjoyed grandstand seats, not to mention the several score of standers. Quite a contrast to the \$30 and \$35 reported to be the average "gate" at Websters Corners when the teams mix almost in the backwoods there. Two fans did drop in 50c and 25c Monday night and the boys express their thanks. They have only asked for a dime from adults and a nickel from children, but it might surprise you to divide the total attendance into \$2.95 and figure the average contribution from an Abbotsford and district crowd. If the boys are going to be able to pay their club and transportation costs, much less erect more seating at the "box," they will have to demand fair play from the fans and let the stile turn only on deposit of adequate coin.—The Editor.

BOXLA BOYS GIVE PITT
MEADOWS BEATING ON
MONDAY NIGHT, 9-6

Having suffered defeat at the hands of every team in the league, the Abbotsford lacrosse team decided that it was time to chalk up a victory. Undaunted by the fact that their opponents were the mighty league-leading Pitt Meadows squad, the local boys went out to win, and win they did. Getting away to a fast start, they scored three goals in the first few minutes of play. Before the quarter ended, however, the strong Pitt Meadows team had tied the score, 3-3. Off to a fresh start in the second frame, the Pitt Meadows team ran away from Abbotsford, scoring 3 goals against the locals' 1, making the score 6-4 at the half.

Coming back into the game after the breather, the home squad outscored their opponents 5-0 in the last half, to end the game with a 9-6 score. Bob Short was the star on the Abbotsford team, collecting 5 counters. Bill Norrish almost missed this issue, by getting himself mixed up in a tussle with a Pitt Meadows man and found himself and his check in the penalty box for five minutes. Tom Irvine deserves a place in the local hall of fame. Although he seldom puts the ball in the net, he works hard and makes plays for his team mates.

—BOWLING NOTES—

A team of four from the Abbotsford & District Bowling Club returned last Friday evening victorious over a Hastings Community Club rink, 25 to 13.

ABBS-REPS NEARLY
TAKEN INTO CAMP BY
HIGH SCHOOL NINE

Two weeks' lay-off has not done the Abbs-Reps softball team much good. Playing without two regular players, F. Forrest and Bob Conway, they scored a sloppy 11-8 victory over the High School in an exhibition game Tuesday evening. The deplorable condition of the diamond was responsible for many of the errors, but apart from this the A-R's just wouldn't play ball.

The hitting was probably the best department of their game, with some of the boys knocking out two and three baggers. Starting today (Wednesday) the A-R's commence a 2-out-of-3 series with Johnston Motors for the league championships and the right to enter the city playoffs.

WEBSTERS CORNERS
CUT ANOTHER NOTCH
IN THEIR BOXLA BELT

Websters Corners again showed their superiority over the Abbotsford lacrosse team by defeating them 14-7 at Websters Corners on Thursday. The local lads just couldn't match the fast pace and close checking of the boys from the Corners. The game provided lots of excitement for the fans, our local boys making enough of a game of it to keep their opponents working. Bill Norrish worked hard, netting 3 goals and received good support from Bob Short and Willie Taylor. The Abbotsford team's inability to break away for passes and also their inability to stick-handle at close quarters caused them to miss several opportunities to boost their score.

TENNIS CHAMPIONSHIPS
BEING BROADCAST

Six broadcasts, covering the Western Canada Tennis Championships, are being presented on the Pacific Network of the Canadian Broadcasting Corporation from the courts of the Vancouver Tennis Club. Bill Herbert, CBR sportscaster, is at the microphone for summaries and play-by-play descriptions of feature matches. A two-hour broadcast of the finals is scheduled also. Thursday and Friday broadcasts are from 6:30 to 6:45 p.m. and on Saturday, 2:00 to 4:00 p.m. PST.

Seen from
Behind
the
8-BALL

DEAR MISS MCMURPHY:—

This job of writing a column has its points (some of them pretty blunt), and then once in a while it gets us down. Now, look at this week: Here we have saved up in our little book all the things we saw, heard or thought about to use—and then when we come to use them we find there are none particularly worthy of a lead. While we sit here at the Linotype trying to manufacture a "lead," the Editor wants to hear the keys getting a massage. Ernie wants more "metal" for the forms, the "devil" is hollering at us to get our big feet out of the way so he can sweep up and get out of here—and you want more proofs to read. Now, who? Tell us, who, can create a "lead" under such a handicap? To H--- with a "lead," we'll just have to use what we have. Let's see what have we got? Here's Bob Conway's name, what did he do? Oh, yeah, he's off the line-up of the Abbs-Reps for a short time with a pretty sore face. Coming back the other night from "roller skating" the truck with a few "skaters" in it hit one of those should-have-been-expected bumps on "C" Street and Conway hit his face on Lorne Vanetta's head on his way down from the roof. Too bad, because after the way the A-R's played Tuesday night, they sure need Conway's work on the diamond.

Next in the book we see... Hey, what is this, mutiny? It's our own name! Wonder if there could be any connection to this notation and the way we were playing ball on Tuesday night against the High School? Really, Miss McMurphy, it was too, too terrible. There couldn't have been any resemblance between the softball and the 8-Ball, because we couldn't get behind it no matter what we did.

There's something here in the book about a report of a meteorite seen over Abbotsford about 7:30 Tuesday night. Well, that was no meteorite, Miss McMurphy. It was just a great big hit off the bat off Bill Atkinson, the pitcher for the High School. Speaking of meteorites, Miss McMurphy, what do you, as a city fan, think of our lacrosse team? They sure looked good on Monday night, eh? Guess we'll have to kill that item about you watching the game from over the fence. We couldn't tell that to the public after that swell Sportsitorial the Editor wrote about admissions to the boxla games.

Here's a little miscellany that we're going to use this week in the column:

"Butcher" Roberts says he still has a few good shots left in his gutted stick... The lacrosse boys better beat Pitt Meadows again on Thursday night. We have 4-bits on the game with Ted Sharpe, goal tender of the opposition, that they won't double Abbotsford's score... It's a good feeling to think that we're really going to play tennis this summer, after all... We're going to invite Ogden Kemprud of Matsqui to supply us with some information on the archery club he wants to get organized here... We've been wondering if the rumor about relocating McCalmum road would have anything to do with getting around the criticism of the Commissioners on their attitude towards the tennis courts. One alibi they offered for not putting the courts
